MEMORANDUM FOR: Project Director

ATTENTION : [REDACTED] 25X1A

SUBJECT : Accessory Units for M and N Racks

25X1A

1. It is recommended that the work being done by [REDACTED] on these units be cancelled and that R-W be authorized to proceed with incorporating this change into production M and N rack units for Project use.

2. This recommendation is made reluctantly and only in view of R-W's revision of their cost figures and the consideration that coordination will be better if all the work is done by one contractor.
